FOR CROCHET, CRAFT AND HANDMADE SELLERS

Your own shop website, with orders on WhatsApp.

Your products, your name, your domain. Customers browse, fill a cart and send the order straight to your WhatsApp. You confirm and take payment the way you already do.

- Ready in about a week
- No monthly platform fee
- Online payments if you want them

What you get

Your own website
Your shop name on your own domain, not a page on someone else's marketplace.

Orders on WhatsApp
Customers fill a cart and send the whole order to your WhatsApp, with an order number.

Made for phones
Fast and easy to use on a phone, where most of your Instagram buyers are.

Colours and sizes
Products can have options, and show ready to ship, made to order or sold out.

Custom orders
A page where people describe a commission: idea, colours, size and budget.

No monthly fee
Hosting runs on a free plan. You only pay for your domain, about ₹700–1,200 a year.

How it works

1

Send your details
Photos, prices and a few lines about your shop, on WhatsApp.

2

We build it
Your shop is ready to review in about a week.

3

Go live
We connect your domain and test an order with you.

4

Keep it fresh
Update products yourself, or let the care plan handle it.

Questions

Do I need any technical skills?

No. Send us your photos and prices and we do the rest. With the care plan you send changes on WhatsApp.

Who owns the domain?

You do. It is registered in your name, and you renew it each year.

Is it only for crochet?

No. It suits any handmade or small-batch seller: candles, jewellery, embroidery, bakes, art prints and more.
